

JAYA BIJOR

ML · AI · PYTHON · SQL · ADVANCED EXCEL

B.E. Graduate & Aspiring Data Scientist with expertise in Machine Learning, AI, and Data Analytics., AI solutions using Python & Scikit-learn, alongside advanced visualization in Power BI, Tableau, Excel. Experienced in applying ML to Cybersecurity by developing high-accuracy models for OWASP CI/CD vulnerabilities. Seeking internship or volunteer opportunities in Data Science, ML, or AI to gain valuable real-world experience.

RECENT PROJECT AS AN INTERN

Organization: Swiftsafe **Duration:** 6 months

1. CI/CD Security Vulnerability Detection (ML)

- Developed a specialized **Machine Learning model** to detect **Insufficient Flow Control** & **IAM** vulnerabilities within CI/CD pipelines (OWASP Top 10).
- Engineered a custom dataset of pipeline logs and permissions; optimized the model to achieve high **realistic accuracy** and precision in identifying misconfigurations.

2. Data Science Intern | SwiftSafe

- Developed and optimized a RAG (Retrieval-Augmented Generation) pipeline to improve information retrieval accuracy from large unstructured datasets.
- Implemented LLM-based solutions and prompt engineering techniques to enhance automated data processing.

TECHNICAL SKILLS

Machine Learning & AI:

- Core Concepts:** Supervised & Unsupervised Learning, Regression (Linear/Logistic), Classification, Clustering (K-Means), Ensemble Methods (Random Forest, XGBoost).
- Data Processing:** Feature Engineering, Data Preprocessing, Dimensionality Reduction (PCA), Model Evaluation (Accuracy, Precision, Recall, F1-Score).
- Libraries:** Scikit-learn, NumPy, Pandas, Matplotlib, Seaborn.

Generative AI & NLP:

- Foundations:** Large Language Models (LLMs), Transformer Architecture, Neural Networks (CNN, RNN), Word Embeddings.
- Applications:** Retrieval-Augmented Generation (RAG), Prompt Engineering
- Frameworks:** Hugging Face Transformers, PyTorch, TensorFlow

Data Analytics & Visualization:

- BI Tools:** Power BI (DAX, Power Query, Interactive Dashboards), Tableau Parameters, Storytelling).
- Analysis:** Advanced Excel (Pivot Tables, Power Pivot, VBA/Macros, VLOOKUP, INDEX-MATCH)

Programming, Data: & Tools:

- Languages:** Python (Basics, OOPs, Data Structures), SQL.
- Databases:** MySQL
- Tools:** GitHub, Jupyter Notebooks, VS Studio

OTHER SKILLS & PROJECTS

Small Projects: Utilized SQL, Python, and Power BI for end-to-end workflows, from data extraction to building interactive visual dashboards.

Hackathon Participation: Contributed to innovative solutions including a Habit Tracker, Warehouse Inventory Tracker, Supermarket Billing Assistant, and a Mood-Based Music System.

E-commerce ML Project: Executed data extraction, preprocessing, and modeling to develop insights and predictive capabilities for an e-commerce dataset.

PROFESSIONAL HISTORY

AMAZON DEVELOPMENT CENTRE PRIVATE LIMITED

VIRTUAL CUSTOMER SUPPORT | MAY 2022 - DEC 2025

KHURANA SURGICALS AND MARKETING PRIVATE LIMITED

TENDER CUM BACK OFFICE EXE | JAN 2015 - FEB 2022

NATIONAL POWER TRAINING INSTITUTE TECHNICAL ASSISTANT DURATION: SEPT 2010 - JUN 2013

SHARP CONTROL EQUIPMENTS PVT. LTD.

SALES & SERVICE CO-ORDINATOR | NOV 2008 - JAN 2010

EDUCATIONAL BACKGROUND:

PURSUING ADVANCED DATA SCIENCE (ML) AND GEN AI

B.E, NAGPUR UNIVERSITY- ELECTRONICS &

TELECOMMUNICATION - 70. 53% (2007)

DIPLOMA, ANJUMAN POLYTECHNIC- ELECTRONICS &

COMMUNICATION 72.88% (2004)

M.B.A. IN HR (YCMOU, NASHIK UNIVERSITY) 60.53 (2011)

Commitment to work, adaptability, and goal-oriented person, problem solving abilities, comfortable with teamwork, good co-ordination & personality
